Small Dog Safe

Yes

Comments (Small Dog)

He has a 10 pound yorkie/min pin foster brother and gets along well with him, mostly Sampson ignores him.

Cat Safe

Yes

Comments (Cat Safe)

tested cat safe at kennel, does not currently live with cats

Good With Young Children

Not Sure

Comments (Young Children)

Have not seen him interact with young children but overall he is very calm and mild mannered.
Likely would be ok with proper supervision.

When is the hound crated?

- 8 Hour Work Day

How does the hound handle being crated?

well. we give a frozen peanut butter kong or large milkbone. he also eats in his crate.

What does the hound enjoy?

being with his people, toys, running in the backyard with his fosters siblings.

Does the hound have any fears?

whines a little when unsure what to do and when he is first left alone.

What type of temperament does the hound have? (Shy, outgoing, confident, etc.)

Sampson is a calm presence in our home. He lets all 3 of his foster siblings take the leadership role and is happy to fall in line. He is a velcro dog and follows you from room to room, even nosing open the bathroom door to find you if not latched.

How does the hound handle new situations?

more on the shy/reserved side but seems up for anything. He has done well with meeting new people and animals.

What type of food are you currently using?

4Health salmon and potato (at Tractor Supply)

Amount of AM feeding

2 cups

Amount of PM feeding
