When is the hound crated?

- Both

How does the hound handle being crated?

He is fine with being crated. He has a somewhat smaller bladder so he might have an accident if it's something like 9-10 hours but is fine in the crate otherwise. He prefers fleece blankets in his crate.

What does the hound enjoy?

Attention! Toys! Playing! Everything!

Does the hound have any fears?

He can get a little nervous with brand new things or loud sounds, but will calm down if you give him a little pet

What type of temperament does the hound have? (Shy, outgoing, confident, etc.)

He is outgoing, confident, and playful, with a little bit of excitability in there as well!

How does the hound handle new situations?

He is confident 95% of the time, although might get nervous in very cramped or busy situations. He will calm down if you calm him down though.

What type of food are you currently using?

Kirkland Lamb and Rice
