Method of Correction

A firm no and/or "leave it." If she does not listen use a "woofie" can to break her focus.

Small Dog Safe

Yes

Comments (Small Dog)

She hasn't been around many small dogs. She does have a strong prey drive and may need some work in open places.

Cat Safe

Yes

Comments (Cat Safe)

Parker still gets very excited by our cats, but is getting better the more time she spends with them. She would do best with an owner who consistently reinforces positive interactions with cats, corrects negative interactions, and cats who will also assist in correcting Parker's more excited advances.

Good With Young Children

Not Sure

Comments (Young Children)

Parker has not had any experience with younger children while in our home. But we have no reason to believe she would have any issues with them. She does chomp the air when excited & playful, but has made no contact with humans, dogs, nor cats.
